

***Intech is a solutions provider
specializing in:***

Systems integration
Test & measurement
Process control
Remote monitoring
Data driven web applications
Custom software
Training
Consulting

Some of Our Valued Clients:

AT&T
AUTEC
Coleman Aerospace
Florida Dept. of Transportation
Florida Solar Energy Center
Florida Power & Light
General Electric
Goodrich Corporation
Harris Corporation
Kaman Precision Products
Lockheed Martin
Miami International Airport
Pratt & Whitney
Siemens Energy, Inc.
United Space Alliance
University of Miami Harbor Branch
United Technologies USBI

***Solutions That Last.
Relationships That Last.***

***Developing Custom
Software & Electronics Solutions
Since 1994***

Headquartered in Melbourne on Florida's Space Coast, Intech develops PC-based solutions using state-of-the-art technologies.

Full Cycle Support for All Phases of your Project

- Project Definition
- Project Management
- Procurement
- Hardware and software development
- Training and consulting

Typical System Solution Includes:

- Computer system
- Data acquisition hardware and software
- Data analysis software
- Device control software
- Web pages, graphical user interface (GUI)
- Report generation
- Data storage
- System documentation

Technical Expertise:

- LabVIEW™
- LabWindows/CVI™
- IMAQ™
- Visual Studio®.net™
- ASP.NET, VB.NET, C#, C
- Visual Basic®
- MS SQL Server 2005, 2008
- Windows Server 2005, 2008

Intech, Inc.

Designing, Developing and
Deploying Computer-Based Solutions

Innovative Solutions

Test and Measurement Solutions:

- Automated semiconductor test system
- Acoustic data collection and analysis system
- Pedestrian traffic monitor
- Printed circuit board inspection and functional test set

A ship-based sensor monitoring system allows scientists to obtain a continuous series of ocean and atmospheric measurements.

Remote Monitoring/Web Enabled Solutions:

- Centralized power plant monitoring system
- Ship-based sensor monitoring system

Process Control Solutions:

- Facility or industrial waste processing control system

In-House Manufacturing of Custom Hardware

Custom Circuit
Board Design
